

What is a Hope Group?

We often find that the best place to connect with people, to grow in God's Word, and to receive support and encouragement from others is in small groups. At New Hope, we have Sunday morning small groups Bible study, called Hope Groups, that meet at 8:15, 9:30 & 10:50 a.m. Each group strives to reach, teach, and care for those in the group.

Reach.

Every person is unique — at a unique place in life with unique needs. In Hope Group, you will find some peers with similar journeys, and other peers with very different ones. Each group strives to meet every person where they are, and engage on a shared journey of growing closer to God.

Teach.

We believe, as Jesus instructed, that living and growing to be like Him takes time learning about Him. In Hope Group, you will not only learn more about God's Word and what it reveals about Him and His plan for you, but you will learn how to apply its teachings, and through its study, grow closer to God. Each Hope Group utilizes age and topic appropriate teaching methods, from learning activities to engaging discussion.

Care.

Hope Groups are not just a place to learn; they are a place to belong. In Hope Group, you will develop authentic friendships that go beyond the classroom and into real life. You will also find that as you journey through the easy times and difficult trials in your life, you will have a special group of peers that will encourage, help, and support you.
